administration, masks will be offered for patrons to use at a cleaning station at the front

posted at the entrance asking patrons to please wear a mask.

9. NEW BUSINESS
   A. Reciprocal borrowing agreement updates
      The attached Reciprocal Agreement replaces the agreements currently on file
      from 2001 and 2002. Capital Facilities Committee has been meeting the last couple of months and has
      recommendations for building improvements. Anita Randolph gave an overview
      of the current facility needs. Priority items such as elevators and restrooms need
to be updated to be ADA compliant. Other items such as electrical fuse panels need to be updated to breaker panels. At this time, the building is at the maximum electrical capability. Staff and patrons rely more heavily on Wi-Fi, and this can slow speeds and make the connection somewhat unstable. The possibility of redesigning the floor plan on the first floor was also discussed. Administration would like to explore the possibility of moving the circulation desk, enlarging the circulation office, and providing an exit to a fenced in park area for reading and programming. Bryan Dunlap who serves as a staff member of this committee, voiced his desire for the to consider lowering existing shelving for ease of access for patrons and staff. Anita requests to issue a Request for Qualifications to evaluate the list of needs. Stu seconded. The motion passed.
